## SUMMARY

Frontend-focused React Developer building clean, fast, and responsive websites. Specializing in React, JavaScript, and Tailwind CSS — turning ideas into real, working products for clients. Freelance since 2024, based in Nagpur, Maharashtra.

## EXPERIENCE

### React Developer

2024 — Present

**Freelance · Nagpur, Maharashtra**

Building small business websites and landing pages with React, Tailwind CSS, and JavaScript — handling client requirements, UI development, code, and deployment.

React · Tailwind CSS · JavaScript · Git & GitHub

## SELECTED WORK

### DealFlow

**SaaS / Brand Deal Management**

Full-stack SaaS helping Indian creators manage brand deals end-to-end — deal tracking, invoice ageing, automated follow-up ladders, UPI payment links, and CA-ready TDS/GST reports. Built with Next.js + TypeScript + Postgres, live in production with Razorpay / Stripe billing.

### Autodine

**Restaurant Ordering Platform**

Table-side ordering: a guest scans a card, orders from their phone, and the kitchen sees the ticket instantly — table number and notes attached. No app, no account, nothing to learn behind the counter.

### Prahari

**Security Monitoring Platform**

Security monitoring for businesses, agencies, and MSPs — checks authorized sites for TLS, DNS, security headers, and exposed files. Multi-tenant dashboard with severity, evidence, and remediation guidance.

Python · FastAPI · React · Vite · SQLite · Docker

### Portfolio

**Personal Site**

Typography-led, motion-driven portfolio with React 19, Vite, and Tailwind CSS v4 — GSAP + ScrollTrigger animations, Lenis smooth scrolling, dark/light theming.
